

CSCI 1810 Late Policy

Fall 2026

You have a total of 4 late days to use on homeworks and projects throughout the semester. You may choose to use up to a maximum of 2 late days on any given assignment.

You do not need to inform us if you choose to use a late day. We will keep track of your late days and apply them automatically at the end of the semester.

If you have run out of late days and you have extenuating circumstances which you believe merit an extension, please email Professor Istrail directly at sorin_istrail@brown.edu. Please do not email the TAs regarding extensions.
